

January 11, 2024

Dear Valued Customer,

The Quaker Oats Company announced an [expansion of the December 15, 2023, recall](#) to include additional cereals and bars. Additional products also include Gamesa Marias cereal and Cap'n Crunch Instant Oatmeal. This expansion also includes Gatorade Protein Peanut Butter Chocolate bars, based on an ingredient supplied from Quaker.

Additional products are recalled because they have the potential to be contaminated with *Salmonella*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The additional recalled products, which **may have** been shipped to you, are listed further below. Please refer to www.QuakerRecallUSA.com (**website will be live by 5 p.m. CST on Jan. 11, 2024**) for a comprehensive list of all recalled products – including those from the December 15, 2023, recall.
